

Booking and preparing for the Induction Clinic appointment at the Tyks Majakka hospital

Booking your appointment

You can book your Tyks Majakka hospital Induction Clinic appointment online at <https://www.tyks.fi/en/patients-and-visitors/online-services>. Click "Suomi.fi Service". Using the service requires strong identification by using online banking credentials or Mobile ID.

Please note:

- You can book an appointment only after your referral has been processed, usually a few days after your health center visit.
- The appointment date is carefully determined. In most cases, late-term pregnancy appointments take place at 41+5 weeks.
- The booking software displays the correct date automatically. You can cancel up to 24 hours before the appointment.
- If you encounter any problems, please contact the Tyks Majakka hospital Induction clinic. You can visit [Pregnancy follow-up ward | TYKS](#) for more information.

Preparing for Your appointment

- Please make sure that you have prepared for your appointment:
- Complete the electronic iPana information form, and making sure that you have uploaded any possible self-monitoring results on iPana Online and they are up to date.
- Download the ITTE Mobile application on your phone. You can use the application to register conveniently to your appointment at the hospital.
- You can read about different induction methods at the Tyks [website](#).

Please make sure you take the following with you:

- a printout of your electronic maternity card/physical maternity card, your Kela card or other form of identification,
- any possible self-monitoring results (blood sugar/blood pressure),
- a hospital bag, in case you will need to stay at the hospital.

Arriving for your appointment

The Induction Clinic is located at the Tyks Majakka hospital, Savitehtaankatu 5, Turku. Enter through the main entrance and take B elevators to 3rd floor. You can have an adult support person with you at the appointment.
