

Tyks Majakka hospital Maternity Outpatient Clinic antenatal screening appointment

Appointments

You can book your Tyks Majakka hospital Maternity Outpatient Clinic antenatal screening appointment online at [Online services | TYKS](#). Click the “Suomi.fi service” option. Using the service requires strong authentication by using online banking login or Mobile ID.

Please note that

- you can only book an appointment a couple of days after your nurse has sent your referral to the hospital (the referral must be processed).
- the time of the screening is clearly defined. The ultrasound scans take place at 12 and 21 weeks of pregnancy at the earliest.
- the booking program will automatically suggest the best time for your screening when the screening result will be most reliable.
- changing or cancelling the appointment is possible for up to 24 hours before the appointment. You can only change your booking once.
- if you have problems with the booking system, you can contact the Tyks Majakka hospital Maternity Outpatient Clinic. You will find the contact information online at: [Maternity outpatient care | TYKS](#).

Preparing for the screening

Please make sure that you have prepared for your appointment by:

- filling the iPana online preliminary information form.
- ensuring you have your maternity card (either paper version or a printout of your electronic maternity card) and your Kela card with you.
- removing any jewelry around the abdominal area before the screening.
- making sure your bladder is not completely empty when you come in for the screening. This is important for making sure the screening is as successful as possible.
- arriving early to make sure you have enough time to sign in before the appointment.

Arriving at the hospital

The Maternity Outpatient Clinic is located at the Tyks Majakka hospital, 6th floor. Use the main entrance 22A, Savitehtaankatu 5, Turku.

An adult support person is welcome to join you for the screening appointment.
